Instructions for sending your recorded video(s) via WeTransfer

Please note the screenshots in this document for demonstration are taken on an Apple iPhone. If you have a different device, your screen may look slightly different, but still along the same lines.

What you will need:

- Your mobile phone (the same device you recorded the videos on)
- Internet connection
- Be ready to check your email, as part of this process you will be sent a verification code

1. On the same mobile phone your videos are on, go to your internet browser and type in <u>www.wetransfer.com</u>

2. Once the website hasloaded, click this Send a file?button

ull 🗢 🕒 MC Log in Upload files Add up to 2 GB 4. Click the blue plus button to upload your video files Ç wetransfer.com ſĴ C

5. You may be given several options here.

In this case we want to upload a file from our Photo Library

This could also be called Camera roll

Or camera library

Dependent on what device you have

6. Select your video(s) you would like to send

11. In the respective boxes, enter the email address you want to send your video files

This should be: marketing@fmg.co.nz

And then enter your email so we will know the sender

(You should also have your email ready to log into – you're about to get sent a verification code!)

Done!

Thank you very much for taking the time to do this.
